

NOBLE NATIONAL ASSOCIATE MEMBER REPRESENTATIVE ADDENDUM
MARCH 06, 2021
NOBLE NATIONAL EXECUTIVE BOARD MEETING

The NOBLE National Executive Board of 2017-2018, was asked to provide the Assessment Center Training at each NOBLE National Annual Training & Exhibit Conference, for the benefit of Associate Members who sought to elevate in their Department/Agency. Although my request was focused on the NOBLE Associate Member, it was determined by the Board of 2017-2018, that the Assessment Center Training would be designed to address all levels of NOBLE Membership. The Assessment Center Training was absent in 2020. Has the window for workshop applications closed? If so, was a virtual space saved for the Assessment Center Workshop? If not, Why?

Effective 2018, I began to recognize those Associate Members who were submitted for the Detective Rafaela A. Valdez Outstanding Associate Member of the Year Award, however, were not selected as the Recipient, with a NOBLE Associate Member Shining Star Award. I am requesting consideration that either:

The Board agree to formally recognize the NOBLE Shining Star Award as the NOBLE National Associate Member Shining Star Award, and as part of the Awards Ceremony Program, and provide such award, which to date has been a small acrylic star award, engraved with the NOBLE emblem, year, Awardee name and Chapter;

or

The Board agree to recognize a Detective Rafaela A. Valdez NOBLE National Outstanding Associate Member of the Year Award Recipient for each Region

The NYS Black, Puerto Rican, Hispanic, Asian Legislative Caucus celebrated their 50th Anniversary with a virtual Caucus beautifully supported by Zakia Ringgold, Founder of **Virtual Experience Design Agency**. Ms. Ringgold is available for our upcoming NOBLE National Conference and following the vetting process by the Board, if selected is guaranteed to provide a world class virtual experience. Interactive, Live workshops, Pre-Recorded presentations, Entertainment, Banquet, Church Service, Networking Platforms, Vendor Space, opportunity to view workshops from the previous day. Seamless transition throughout the Caucus. Training and communications well prior to Caucus start date, "On-Site" Event Technician (embedded in each workshop/event). zakia@virtualexpdesign.com
